PROFESSIONAL SUMMARY

Statistics graduate from Universitas Bengkulu with a GPA of 3.30/4.00 and hands-on experience in data processing, validation, statistical analysis, and metadata management at the National Archives of the Republic of Indonesia (ANRI) and Statistics Indonesia (BPS). Experienced in managing 5,000+ data records and metadata, validating survey datasets, and supporting data integration across information systems. Skilled in Microsoft Excel, SQL (MySQL and PostgreSQL), RStudio, Python, Power BI, Tableau, Google Looker Studio, and QGIS for data analysis, dashboard and KPI development, data visualization, reporting, and spatial data processing. Detail-oriented and analytical, with a strong foundation in statistical modeling, data quality, and evidence-based reporting.

EDUCATION

University of Bengkulu | August 2021 – July 2025

Bachelor of Statistics | GPA: 3.30/4.00

Thesis: Application of Residual Bootstrap and Principal Component Analysis (PCA) in the Spatial Autoregressive Moving Average (SARMA) Model for Poverty Modeling in the Sumbagsel Region 2023

Output: Statistical modeling, spatial data analysis, and model evaluation using AIC.

Relevant Coursework: Statistical Methods, Exploratory Data Analysis, Regression Analysis, Time Series Analysis, Multivariate Data Analysis, Database Systems, Machine Learning and Modern Prediction, and Geographic Information Systems (GIS).

WORK EXPERIENCE

National Archives of the Republic of Indonesia (ANRI) | South Jakarta

Data Management Intern – Data, Information, and Archival Technical Services Unit

National Internship Program – Ministry of Manpower of the Republic of Indonesia

November 2025 – May 2026

- Managed more than 5,000 data records and metadata in SIDATA, including data entry, inspection, verification, validation, and updates.
- Evaluated 476 subcategories and 140 data lists across approximately 20 work units to support the designation of six ANRI priority data items for 2025.
- Synchronized data between the ANRI portal and the One Data Indonesia Portal (Portal Satu Data Indonesia/SDI), while maintaining metadata in SIDATA and INDAH.
- Supported Electronic-Based Government System (SPBE) architecture mapping using Bizagi and coordinated data requirements with relevant persons in charge (PICs).
- Prepared administrative documentation, including meeting minutes, official memoranda, invitations, attendance lists, reports, and activity records.

INTERNSHIP EXPERIENCE

Statistics Indonesia (BPS) Bengkulu City

Social Statistics Intern | August–December 2024

- Processed and validated approximately 1,000 survey records using Excel (IF, IFERROR, VLOOKUP, HLOOKUP, and FILTER), including PCL–PML data matching and anomaly checks on Sakernas, Susenas, and Podes datasets.
- Prepared statistical tabulations and publication materials on the Human Development Index (HDI), labor force statistics, and village potential.
- Created infographics and thematic maps using Canva and QGIS to present statistical data.

ORGANIZATIONAL EXPERIENCE

Himpunan Mahasiswa Statistika (Himasta) – Research and Development Division |
March 2023–February 2024

- Created and published approximately 50 educational posts covering statistical concepts, questions, and learning materials through the organization's Instagram account.
- Conducted weekly content reviews to monitor publication consistency and information quality.

Musyawarah Kerja Wilayah I HIMASTA se-Sumatera – Secretary Public Relations and Secretariat Division | September 2023

- Managed administrative documentation and correspondence while coordinating information across participating universities and organizational divisions.
- Edited and distributed approximately 80 participant and committee certificates using AutoCrat.
- Documented meeting decisions and coordinated follow-up information across divisions.

TRAINING & CERTIFICATIONS

Python Fundamental | MySkill Learning Path: Data Science & Data Analysis | October 2026
Data Analysis | MySkill Learning Path: Data Science & Data Analysis | October 2026
Python for Data Science | MySkill Learning Path: Data Science & Data Analysis | October 2026
Data Science | MySkill Learning Path: Data Science & Data Analysis | October 2026
Microsoft Power BI | MySkill Learning Path: Data Science & Data Analysis | September 2026
Python for Data Analysis | MySkill Learning Path: Data Science & Data Analysis | September 2026
Google Looker Studio | MySkill Learning Path: Data Science & Data Analysis | September 2026
SQL for Data Analysis | MySkill Learning Path: Data Science & Data Analysis | June 2026
Microsoft Office untuk Pekerja – Grade A | Dsarea | May–June 2026
Digital Marketing (DAMC) – Data Analysis | RevoU | October 2025
Training Machine Learning | SWAN Statistics Consultant – PT Angsa Statistika Indonesia | November 2022

SKILLS

TECHNICAL SKILLS

Data Analytics: Data Cleaning, Data Validation, Data Processing, Exploratory Data Analysis (EDA), Statistical Analysis, Data Visualization, Data Tabulation, KPI Reporting.
Data Management: Data Entry, Metadata Management, ETL, Data Quality Checks, Data Synchronization, Database Management.
Statistical & Spatial Analysis: Statistical Modeling, Regression Analysis, Time Series Analysis, Spatial Data Processing, Thematic Mapping, Model Evaluation.
Business Process & Reporting: Business Process Mapping, Administrative Documentation, Report Preparation.

SOFTWARE SKILLS

Microsoft Excel | SQL (MySQL, PostgreSQL) | Python | RStudio | Microsoft Power BI | Tableau | Google Looker Studio | QGIS | Bizagi | IBM SPSS Statistics | Minitab | MATLAB | Canva | Microsoft Word | Microsoft PowerPoint.
